

14th June 2019

Dear Robert and Adrienne,
This card is long overdue, but no less heartfelt, to thank you both and all the wonderful staff at Staunton for all you did for Evie during the 3 1/2 years she was with you. She was given the most amazing experiences and a wonderful start to her life and learning because of your exceptional care and that of the special people in your team. Evie is thriving in school

and loves everything about it and all the opportunities she is given, and your solid foundation provided her with a platform from which to grow.

We will never forget her fantastic time at Staunton and we would like you to use the envelope for a piece of equipment or something you feel would be useful to continue that experience for others. With our profound gratitude and best wishes.
